Advanced formula with higher level of actives for senior and active dogs

This hip and joint care supplement is formulated with 6 beneficial active ingredients to help optimize nutritional absorption. No unwanted substances.

ABOUT THE INGREDIENTS:

- ▶ **Perna canaliculus** is a green-lipped mussel from an exclusive New Zealand source. Unlike Perna extract-based products and mussel powders, which may lack important fatty acids and other bioactive components (e.g. defatted powders or extracts), the entire organism is utilized in our Perna.
- ▶ **Glucosamine** has been shown to support the production of glycosaminoglycans (GAGs) within the cartilage matrix and synovial fluid. As your dog ages, there is a decrease in the production of GAGs, which can result in joint stress, thinning of synovial fluid, and the breakdown of connective tissue. Glucosamine also supports bladder and urinary tract health by supporting the integrity of the mucosal lining.
- ▶ **Chondroitin Sulfates** helps support the proper structure and function of healthy connective tissues and joints. Sulfates in these products are derived from Certified BSE-Free Bovine Tracheal Cartilage which is a rich source of biologically-active Chondroitin Sulfates.
- ▶ **MSM** is a source of sulfur. It supports the structure of joints and connective tissue. Increased availability of MSM is linked to comfort and mobility, as well as the support of collagen production.
- ▶ **Manganese** is an essential mineral for the formation of collagen, GAGs, and proteoglycans, all of which support required cartilage integrity. A lack of manganese can lead to inefficient production of GAGs within the joints.
- ▶ **Vitamin C:** The antioxidants in our formula help support immune system response, proper detoxification function, free radical neutralization, as well as provide support for a healthy inflammatory response.

Product Facts:

Active Ingredients Per 1 Chew:

Glucosamine HCl (Shrimp and Crab)	500 mg
Methylsulfonylmethane (MSM)	400 mg
Perna canaliculus (Green-Lipped Mussel)	150 mg
Chondroitin Sulfate (Porcine)	110 mg
Ascorbic Acid (Vitamin C)	20 mg
Manganese (Mn Proteinates)	2.5 mg

Inactive Ingredients: arabic gum, brewers yeast, calcium sulfate, canola oil, citric acid, citrus pectin, glycerin, maltodextrin, mixed tocopherols, natural duck flavor, oat flour, propionic acid, rosemary extract, rye flour, silicon dioxide, sodium alginate, sorbic acid, soy lecithin, vegetable oil, water.

DIRECTIONS FOR USE:

Up to 15 lbs: 1 chew daily.
15-45 lbs: 2 chews daily.
45-75 lbs: 3 chews daily.
Over 75 lbs: 4 chews daily.

If giving more than one
chew daily, divide between
AM and PM.

Available in 8oz (30 ct), 14oz (60 ct) and
32oz (130 ct) jars.
Suitable for all weight ranges.
