

# Multivitamin FOR CATS

WITH VITAMINS, MINERALS, FATTY ACIDS, AND ANTIOXIDANTS

**YOUR LOGO  
HERE**

## A complete multivitamin and mineral supplement with over 20 key nutrients

A multivitamin supplement for cats that features a variety of nutrients to promote health & wellness and balance commercial, homemade, and raw diets. The vegetable flavor is appropriate for cats with protein sensitivities.

### ABOUT THE INGREDIENTS:

- ▶ **Vitamin A** is an important vitamin that supports the health of bones and teeth, supports skin health and integrity, and promotes eye health and clear vision.
- ▶ **Thiamine (Vitamin B1)** is a multifunctional vitamin that can support memory, a balanced mood, and normal cellular metabolism. Thiamine may help to manage daily stress in cats.
- ▶ **Calcium** is an essential mineral for cats. It supports healthy teeth, bones, and muscles, as well as heart and brain health.
- ▶ **Potassium** helps support bladder and kidney health, and also helps to regulate a number of important bodily functions, including heart and nerve function.
- ▶ **Taurine** is an essential nutrient for cats. Taurine supplementation promotes optimal heart and immune health, and is important for a healthy metabolism.
